Allowable Subject Matter

1. Claims 1-20 are allowed.

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 20, the cited prior art of record fails to disclose or render obvious a metal pattern formed on a surface of a substrate by etching, comprising the structure formed by a masking film formed by penetration of a molecule having a mercapto group (-SH) or a disulfide (-SS-) group into interstices between molecules composing a monomolecular film as described in the claims, in combination with the rest of the steps/limitations of claims 1 and 20 respectively.

As to claim 10, since the metal pattern formed on a surface of a substrate by etching is allowable, the method of making the said metal pattern is also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MAHMOUD DAHIMENE whose telephone number is (571)272-2410. The examiner can normally be reached on week days from 8:00 AM. to 5:00 PM..
